Reduce laterally over garden by approx.3m, remove major dead wood. The tree has grown considerably in recent years and now overhangs the patio at the rear of the house. Proposed work will reduce the tree away from the patio and prevent debris and bird droppings falling onto the patio. A large branch recently fell from the tree so dead wood will also be removed.
- 5. Planning Application REF: - 24/00931/HHFUL 5 Hurricane Close Brampton PE28 4QT**
Proposed garage conversion to gym space, with glazed link between garage and house. This is reference the amended plans since submitted originally.
